

3rd December 2025

THANK YOU!

DEAR CYCLE OF LIFE TEAM

Thank you very much for your generous donation of R57,500 towards our Emergency Rhino Dehorning Operation. Your support has come at a critical time and has enabled us to act swiftly to protect vulnerable rhino within the Manyoni landscape.

These funds will be used directly to cover helicopter time and fees which form an essential component of any dehorning operation. This is a crucial piece of the puzzle in our ongoing effort to prevent poaching and safeguard the remaining population.

We are extremely grateful for your continued support of the Zululand Conservation Trust. Your commitment strengthens our ability to respond to urgent conservation needs and contributes meaningfully to the long-term protection of this iconic species.

Thank you once again for standing with us.

With gratitude,

Julia Elliott
